ABOUT ME

I am a dedicated, innovative, and self-sufficient web development and design enthusiast currently pursuing an undergraduate degree in Computer Science and Software Engineering at an accredited university. I have hands-on experience in both front-end and back-end frameworks. Passionate about crafting responsive, user-centric web environments, I am committed to staying current with the latest industry technologies. Seeking an internship opportunity in the IT sector, I am excited to contribute my skills and knowledge to a dynamic team, bringing value to software development projects while continually expanding my expertise.
